Thank you so much for this great opportunity. I have learnt German and I got the chance to work in the Paderborn, Germany. Now I'm working in a factory and the people are good and helpful. In the beginning I needed some time to adjust to the weather but it's a good experience and I am looking forward to the new Tasks and opportunities.

Jayesh R Dethe

Thanks for giving me the opportunity to work in Germany. I feel lucky to learn construction work with Precast Technology. I think safety is the first priority to work here and I feel company has taken all the safety measures to safeguard us. I am very thankful to all the people of BREMER.

Batchala Siva

I like to work with machines and the work culture in the factory is also good. As every individual first day, I got some fear since I am new to this Country but after some days I feel comfortable. I am happy to work in Germany.

Thanks for this opportunity.
